Foster Parent Monthly Transportation Log

When a foster parent transports a foster child more than 100 miles, the foster parent may receive \$14.85 per month for each 50 miles, or portion thereof, above the initial 100 miles. If more than one foster child is transported at the same time, the transportation payment is divided evenly between the children. The foster parent cannot claim transportation for payment purposes if driving his or her birth child(ren) to the same location as the foster child, or if he or she would be doing the driving even if the foster child was not there, such as driving to conduct routine family business, i.e. grocery shopping, church attendance, etc.
 Completed documents should be submitted to the DHHS Billing and Payment Unit in the Service Area where the foster parent resides.
